TECHNICAL TRAINING

Mar 2026 - Jun 2026

QuickStart

PROJECTS

Business Analyst	Jun 2026 - Present
<i>Business Analyst Simulation Project, Hands-On Data Analysis with SQL, Azure & Power BI</i>	

- Collaborated in a simulated business environment to gather requirements and translate needs into functional documentation and data visualization materials.
- Conducted stakeholder interviews and created a process improvement plan using flowcharts and gap analysis to optimize the sales process and pipeline advancement.

- Created a business requirements document (BRD) and supported mock technology implementation using schedule coordination tools.

PROFESSIONAL EXPERIENCE

Operations Associate

Nov 2025 - Present

New York Islanders | Elmont, NY

- Developed analytics workflows using Python, SQL, and Tableau to integrate fan engagement and digital performance metrics for partnership evaluation.
- Built dashboards and data visualizations identifying peak demand periods and fan behavior trends to inform activation placement and brand value proposition.
- Presented post-event insights and data-driven recommendations using PowerPoint to support staffing allocation and operational improvements.
- Coordinated game-day operations and internal schedule coordination across fan engagement and event teams to support seamless execution and data quality.

Advanced Sports Marketing Research Project

Sep 2025 - Dec 2025

FC Bayern Munich | New York, NY

- Researched and benchmarked player development academies across leading global sports organizations, analyzing talent pipelines and operational structures.
- Synthesized market research and industry best practices into actionable insights and sales materials focused on brand marketing and competitive positioning.
- Utilized AI tools to accelerate category research and ideation for outreach collateral and digital marketing strategy development.

Market Lead

Sep 2025 - Nov 2025

SponsorUnited | Stamford, CT

- Analyzed sponsorship activations, brand integrations, and social media advertising across sports properties to ensure strategic alignment for partners.
- Identified sponsorship trends and partnership activity through market intelligence and media analytics to support the sales process and pipeline.
- Generated sponsorship insights and performance metrics supporting partnership evaluation, benchmarking, and strategic decision-making for Product Operations.

Sponsorship Scout

Jun 2025 - Sep 2025

SponsorUnited

- Evaluated sponsorship activations across live broadcasts and social media channels to assess partnership effectiveness and advertising value.

- Produced sponsorship research and presentation materials highlighting emerging trends and brand categories across professional sports and entertainment properties.

Coordinator, Pre-Match Ceremonies

Jun 2025 - Jul 2025

FIFA Club World Cup

- Helped deliver pre-match ceremonies for FIFA Club World Cup matches featuring elite global clubs through precise schedule coordination and interpersonal relationships.
- Managed on-field logistics and participant coordination while supporting matchday execution alongside FIFA operations teams.
